

Unidentified Building east of Orton Hall

Herrick Archives Number H 995

Photograph X22977, taken from west of the tennis court on the present site of the Library (050), shows a small, one-story, white frame building to the left of Orton Hall (060). The exact location of this building cannot be determined from the photograph, but it would appear to be northeast of Orton, possibly north of the west wing of Mendenhall (054).

For indexing purposes, H 995 is listed at 135 South Oval Drive.
